

FLEXKYS VEHICLE SEAT

Occupancy Sensor Mat

Flexible sensing pad for vehicle-seat installation

DESIGNED FOR RETROFIT

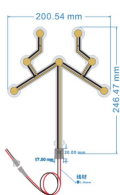

- **Seat-focused format**
Illustrated for placement within a vehicle seat.
- **Flexible low-profile pad**
Thin patterned construction follows seat geometry.
- **Multiple layouts**
Several sensing-pad shapes are shown for fitment choice.
- **Ready-wired design**
Integrated lead and connector are visible.

Confirm pad pattern and fitment before ordering.
